

Ranking of the candidates in the Competition for the NCN PhD Scholarship

within the research project Preludium Bis 1

Future permanent magnets from design

(Procedure No 19/2020/IFM/PSD)

In accordance with the rules of the PRELUDIUM BIS 1 competition specified in Appendix No. 2 to the Regulations for the allocation of funds for the implementation of tasks financed by the National Science Centre in the field of research projects, defined by the Resolution of the NCN Council No. 90/2019 of 12 September 2019. The Competition Committee evaluated the candidates on a scoring scale, taking into account the competence to perform specific tasks in the research project and the candidate's scientific achievements to date, on this basis developing a ranking of candidates, in order of the highest scores:

1. Justyn Snarski-Adamski
2. Rahul Cherukuri
3. Joanna Marciniak
4. ISMAIL HANAFI
5. Rahul Jagadeesan
6. Radhey Yadav
7. SNIGDHA.T.T.
8. PRAMOD SHARMA
9. Waqas Pervez
10. AMANDEEP SAGWAL

The eleventh applicant did not provide consent to the processing of personal data and other documents required in the recruitment process.

A necessary condition for starting work in the Project is to qualify to the Poznan Doctoral School of the Institutes of the Polish Academy of Sciences. Candidates will be immediately informed about the date of the interview to the Doctoral School.
