The Conference PHYSICS OF MAGNETISM 2020 will be the 16th of the series organized every three years since 1975, jointly by the Institute of Molecular Physics of the Polish Academy of Sciences and the Faculty of Physics of the Adam Mickiewicz University in Poznań.

The Conference is meant as an international forum for the presentation and discussion of novel scientific ideas in a field of broadly understood magnetic phenomena with special emphasis on the following subjects:

- Strongly Correlated Electrons
- High Temperature Superconductivity
- Quantum and Classical Spin Systems
- Magnetic Structure and Dynamics
- Magnonics and Spin Wave Dynamics
- Spin Electronics and Magnetotransport
- Nanostructures, Surfaces and Interfaces
- Molecular Magnets
- Soft and Hard Magnetic Materials and their Applications
